Dear Ashraf

Natal box Factory

Thank you for your support of Mother of Peace children's home in making available wood shavings for our poultry project. The poultry project provides for some of the feeding of our + - 60 children together with our housemothers and staff and assists us in making ends meet by supplying affordable live chickens to the surrounding community.

Our children are all placed here by the Courts and fall within the category of "Orphaned and Vulnerable Children" also referred to as OVC's.

We are situated in Lower Illovo and you are most welcome to pay us a visit at any time.

Thank You for your Support

kind regards

Gavin Gradwell

Mother of Peace Community sees it as its mission to aid children in distress, serving particularly those who are victims of the HIV/AIDS scourge, caring for abandoned children by providing the structure of a home and family, maintaining language and cultural traditions as far as possible and bringing up the children to be responsible, functional members of society.
